**RESOLUTION BT C103/2010 on Reactivation of CEN-CENELEC Joint Working Group CMI**

Date of document	2010-10-12
Expected action	Info

**Background**

**The first meeting of the reactivated CEN/CLC Joint Working Group CMI will take place on 3rd November 2010 at the premises of BSI in London, UK.**

TC 137 Members interested to join the revision work on the EN 45544 series are requested to make their expert nominations, if not already done, via CEN Global Directory.

For further meeting information please contact directly the responsible WG Convenor, Mr. Peter Walsh ([peter.walsh@hsl.gov.uk](mailto:peter.walsh@hsl.gov.uk)).

## **RESOLUTION BT C103/2010**

Subject: Reactivation of CEN-CENELEC Joint Working Group CMI

BT,

- referring to document BT N 8477;
- agrees with the re-activation of CEN-CENELEC JWG 'Continuous Measuring Instruments', with the objective to review the EN 45544 series 'Workplace atmospheres - Electrical apparatus used for the direct detection and direct concentration measurement of toxic gases and vapours';
- appoints Mr Peter WALSH as Convenor of CEN-CENELEC JWG 'Continuous Measuring Instruments'.

*This resolution is applicable as from: 2010-10-06*
